DETAILED ACTION

1. Applicant's argument presented in the Appeal Brief dated 3/23/2009 regarding the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Allowable Subject Matter

2. Claims 1-3, 5-7, 9 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The examiner finds applicant's argument concerning Goiffon '312 and Singh references persuasive. The examiner agrees with applicant's argument that the proposed combination of Goiffon and Singh "would require one of ordinary skill in the art to disregard available system performance data (such as available processing and memory resources) in favor of a less accurate alternative of "time of day" (that is, an alternative that would likely yield inaccurate results, relative to using the available system performance data" (Appeal Brief, dated 3/23/2009, page 12) . Therefore, it would not have been obvious to one of ordinary skill in the art to combine Goiffon and Singh. Accordingly, prior art of record do teaches the combination of claimed elements includes "one or more parameters comprises at least one parameter indicative of a date or time of day; identifying a set of expanded terms associated with the base search term based, at least in part, on the one or more parameters" as recited in claims 1 and similar

limitation in claim 5. Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough examination of the present application and in light of the prior art made of record, claims 1, 5 are allowed. Dependent claims 2-3, 6-7, 9 are allowed at least by virtue of their dependency from claims 1, 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Khanh B. Pham whose telephone number is (571) 272-4116. The examiner can normally be reached on Monday through Friday 7:30am to 4:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hosain Alam can be reached on (571) 272-3978. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
